New College Exceptionals

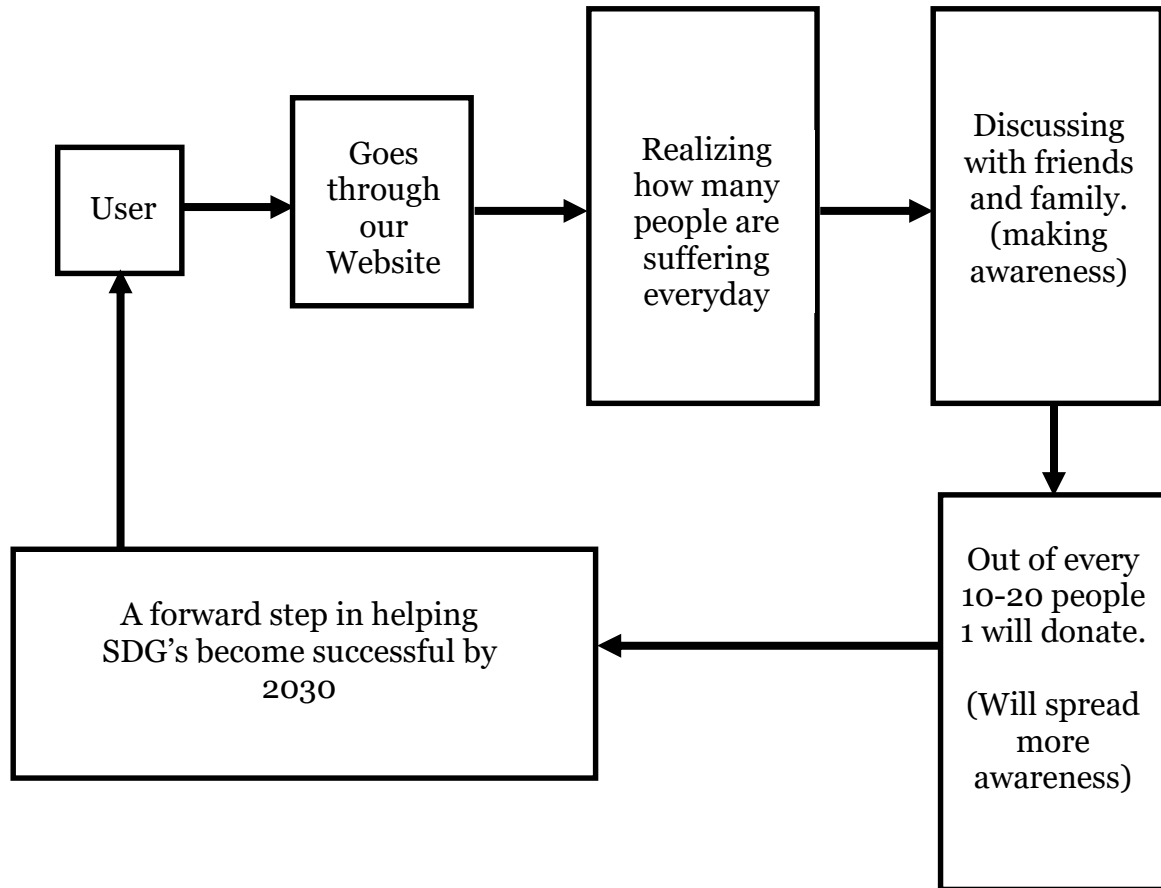

Date

03/02/2022

Project Abstract

- We are creating awareness about these 17 goals through our attractive website.
- We are covering the major goals and topics in Sustainable Development Goals(SDG's).
- Also we are encouraging people to create campaigns regarding SDG's so it will create more awareness.
- We have provided links of NGO's who are also indirectly aiming to help SDG's work.
- We have also provided donation links in these major goals and also free learning sites.
- Our plan will work because we have provided enough information about these goals(showed them the face of reality), which will show users the true importance of SDG's

Project's Technologies Used

- HTML
- CSS
- JavaScript
- 000 Webhsost
- Responsive

Couldn't prepare fully website because my 2 teammates couldn't contribute much in the project. So, I kinda worked a lot and Shubham also did and it's 5:45 am and I haven't slept yet. So this is all we could prepare.
